

FLEX-WRAP/FOAM PIPE WRAP

AN INEXPENSIVE, EFFICIENT METHOD OF WRAPPING ALL PIPES IN CONCRETE POUR

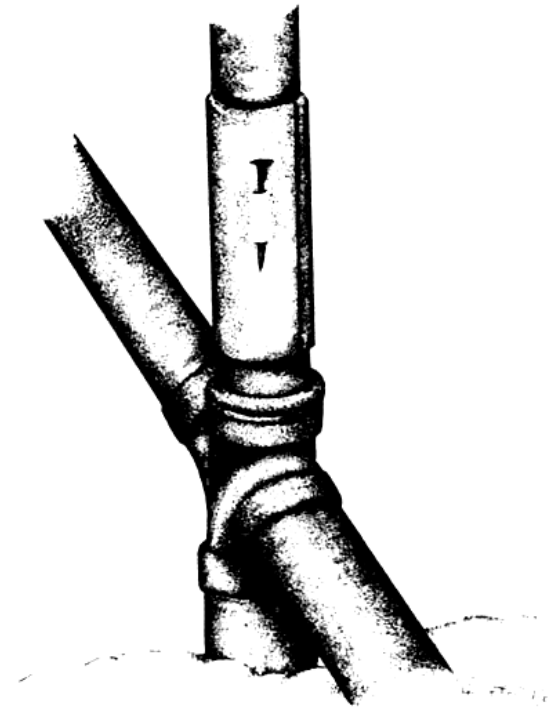

THE
ORIGINAL & GENUINE!

FLEX-WRAP

- Satisfies UPC Code Sec. 315 Paragraph B. Required in most States.
- Is a closed cell foam (waterproof). This offers a **true expansion space** between the pipes and concrete slab.

- Is 6" wide for MAXIMUM coverage with MINIMUM waste
- Is far more economical than any other type of pipe wrap
- Is easily secured by pinning with nails or taping with duct tape
